System Requirements

Palm OS 3.5 or higher
Color device
123 KB free memory

Registering WV Colors Mania

WV Colors Mania is downloadable shareware. Its registered copy costs $ 12.95. The demo version is completely functional, but you can play only easy level and can not use Undo button. If you decide to buy the game and pay for it, you will receive a registration key.

You can register your software at our home site:

www.webvisia.com

or at our retailers' web sites:

www.palmgear.com

www.handango.com

It is very important that you include you Serial Number EXACTLY as it is shown in your PalmPilot (tap **Menu|Help|Registration** to see it). We use this to generate your Registration Key, so you must be precise.

Once you register, you will receive by Email a Registration Key from us. To enter the Registration Key, first tap on the Menu silkscreen button. Then, select Help, and tap Registration. Finally, enter your Registration Key on the space provided (see the above illustration).

Contacting WebVisia LLC

There are several ways to get in touch with us here at WebVisia LLC Email is the preferred form of communication, but whatever works for you is fine. If you have any questions, commands, suggestions or compliments, please don't hesitate to contact us.

Reporting Bugs

If you find a bug in our software, it would be helpful if you reported the bug to us. To report a bug, please Email us with Bug Report Request in the subject line. In your Email, include the following information:

What type of PalmPilot you are using (i.e. Personal).

The software name and version number (i.e. Colors Mania 1.10).

The error number and the exact contents of the error message.

A brief description of how we can recreate the error.

Your name and Email address so we can contact you when the bug is fixed.

It is best to report bugs by Email, so that the programmers have a written record of the information they need to solve the problem. As soon as we receive your Email, we will examine the problem, and fix it. Because our programmers are busy creating software, it can take a while for them to reply, but they will release a new version of the software that fixes the bug as soon as they can.

WV Colors Mania – User Guide

WV Colors Mania

The aim of the game is to move the color balls into a proper box. In the top left corner of the each box there is color triangle. You have match when the color of ball suits the color of the triangle. You get score points if you make more matches of color balls for a minimum time.

New Game

In the main applications screen of your device, tap the Colors Mania icon. The logo screen will appear. Tap it to start the game.

Choose Your Level

Colors Mania has three difficulty levels – easy, mid and hard. The difference is in the number of colors of the balls, which are: four for the easy level, six for mid level and eight for the hard level.
Choose the level that best suits your skills and tap **Start** to play the game.

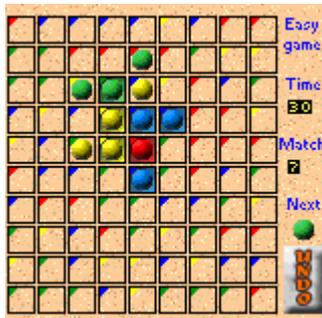

The Sound Option

To switch on the sound of the game, go to **Menu| Sound**. You can choose one of the alternatives from the menu.

Play WV Colors mania

Playing Colors mania

The Colors Mania' playing field contains 90 squares with define number of figures – 90. The color of the balls depends on the level of the game you are plaing. You can play the game untill you fill all boxes in the field. Each time you make a move, one ball of a different color appears on the place of the moved one.

The figures can be moved horizontally and vertically. When you make a match, the backround of the box flashes and your score increases.

The Store

The store is in the right part of the field and contains the following options:
On the top of it, it is shown what level you are playing – easy, mid or hard.
Time – how long you are playing the game
Match – shows you the number of matches you have done
Next – shows you the ball, which will appear next
Undo button allows you to turn back one move. You can use it only once

Scoring

When you fill up all the boxes, you have to count how many matches you have. This count you have to multiply by 35. From this result deduct the time you played. This is your score.The game ends when the all the boxes are filled up.

Think ahead to score higher bonus, and cause chain reactions by hitting multiple sets with one move. To view scores go to **Menu|Game|High Score** for timed game and the following screen will appear:

Tap **OK** to exit this screen.

Help

WV Colors Mania offers some simplified internal help. You can find there some basic information of the rules of the game and its final goal.
To view these tips go to **Menu|Help|Help**. Tap **Done** to quit the screen.

The End

Well, that is all for now. No matter how you play, the Colors Mania will keep you busy for hours.
Enjoy your time!
