Introduction

Welcome to PocketLingo

PocketLingo turns your PDA into a powerful dictionary and learning tool that will enrich your vocabulary effortlessly and quickly. Using one of America's most trusted dictionaries for over one hundred years, *The American Heritage® Dictionary of the English Language, Fourth Edition*, PocketLingo gives you complete and up-to-date definitions. Learning a new word is simple; just tap on the word you want to look up. This software helps you expand your vocabulary by using proven learning methods, such as study cards and a customized word list.

How to Order PocketLingo

Visit our website at www.pocketlingo.com and download the version of PocketLingo that is right for you.

System Requirements

- Palm OS® 3.5 or higher;

Installing PocketLingo onto an External Memory Card

Harvard Language Company recommends that both the .prc and .pdb files be installed directly into the Palm memory if the space is available. Otherwise, follow the directions below to install onto an External Memory Card.

1. Windows Operating System:
Complete instructions 1-8 above in the **Installing PocketLingo Using a Windows Computer** section. Then return here to complete the installation.

Macintosh:
Complete instructions 1-9 in the **Installing PocketLingo Using a Macintosh Computer** section. Then return here to complete the installation.
2. Click **Change Destination**. In the Change Destination box, select the files and click on the >> arrows to move the files to the box on the right hand side, which should have the name of the memory card on top.
3. Click **OK**.
4. Click **Done** to close the Install Tool window.
5. Perform a HotSync operation to install PocketLingo.

Uninstalling PocketLingo

1. From your Palm's main Application Launcher, tap the **Menu** button and select **Delete** from the drop down list.
2. Tap **PocketLingo** and then tap **Delete**.
3. Tap **Yes** to confirm you wish to remove the program. PocketLingo should no longer appear on your screen.

Registration

Why Register?

Registering your PocketLingo is the only way of enabling the paid (complete) version of the software. It will also allow us to provide you with technical support.

How to Register

When you purchase PocketLingo, we will e-mail a unique **Registration Code** to you.

Upon receipt of this number, please enter the **Registration Code** in your program's registration screen.

If you lose your Registration Code or have difficulties with the registration process, please contact us at support@harvardlanguage.com.

Where to Find Your HotSync ID

Start PocketLingo. Bring up the **Menu**. Then tap **Help** and select **Registration**. Your HotSync ID will be displayed on the screen.

The Registration Code - What, Where, and How

The Registration Code is a combination of letters and numbers (for example: 1D35FC67). To enter your Registration Code:

1. Start PocketLingo.
2. Go to **Menu > Help > Registration**.
3. Type your Registration Code into the PocketLingo registration screen.
4. Tap **Register** to continue or **Not Yet** to quit the registration process. If you quit, you may return later to register the product. The full dictionary will only be available after you have entered the correct Registration Code and completed the registration process by tapping **Register** on the registration screen.

Using PocketLingo

Overview

Pocket Lingo's main view contains the following objects:

	Tap on this bar to display the Edit and Help menus.
	<i>Back graphic</i> button Allows you to flip between the current and last viewed screen.
	<i>Home</i> button Brings you to the LookUp screen.
	<i>Help</i> button Displays tips on using PocketLingo; the Pronunciation Key and Abbreviation submenus are also located here.
	<i>Information</i> button Provides contact and copyright information.
	<i>Search query field</i> Enter the word you would like to look up.
	<i>Eraser</i> button Deletes the entry in the Search query field.
	<i>Font size</i> button Choose between large or regular fonts.

The scroll bar is used to move the content on the screen up and down. Here are its features:

	<i>Page up</i> button
	<i>Page down</i> button
	<i>Up</i> button

Hardware Specific Features

For the Sony Clié

PocketLingo supports features of the Sony Clié. To use the Jog Dial of the Clié, it needs to be activated in the preferences of the Palm OS.

1. Go to the Preferences screen of Palm OS.
2. Select Jog from the drop down menu.
3. Check the box for 'Use JogAssist'.

The Jog Dial should now work with PocketLingo Pro. You can use the Jog Dial in Lookup, Study and MyWord in the following ways:

Lookup Tab

In Lookup, the Jog Dial's up and down scroll allow you to scroll up and down in the word list one word at a time. When the Jog Dial is pushed in, the definition of the word that is highlighted will appear. In the word definition, when the Jog Dial is pressed down the MyWord box will be checked or unchecked, adding or deleting the word in MyWord List. The back button of the Sony Clié works the same way as the orange back button at the top of the PocketLingo screen.

Study Tab

In Study, the Jog Dial's down scroll allows you to view the next word, the Jog Dial's up scroll goes to the previous word card for your list. Pushing in the Jog Dial is equivalent to tapping the Show/Hide button on the card. The back button of the Sony Clié works the same way as the orange back button at the top of the PocketLingo screen.

MyWord Tab

In MyWord, the Jog Dial's up and down scroll allow you to scroll up and down the MyWord list one word at a time. When the Jog Dial is pushed in, the definition of the word that is highlighted will appear. In the word definition, when the Jog Dial is pushed in, the MyWord box will be checked or unchecked, adding or deleting the word to the MyWord List. The back button of the Sony Clié works the same way as the orange back button at the top of the PocketLingo screen.
